

Connected, Actionable Data and True Intergy Integration

Greenway Care Coordination Services leverage the fully integrated solution, CoachCare, to allow practices to enroll and monitor patients in remote care programs. Built-in Intergy workflows make **maximizing your care coordination strategy easy**.

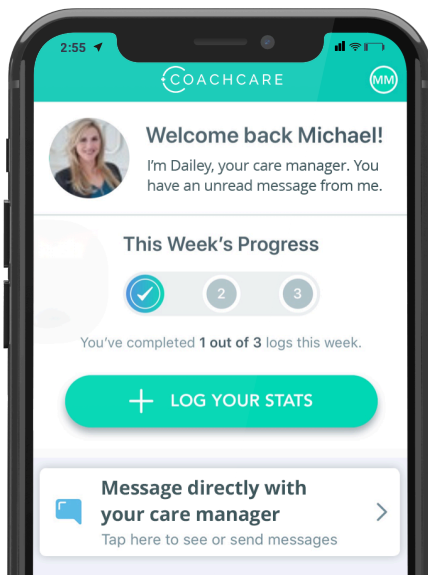

AREAS OF FOCUS

- ✓ Bidirectional Enrollment by Services
- ✓ Exchange of Health History
- ✓ Integrated Discrete Vitals
- ✓ Escalation Tasks
- ✓ Compliance Documentation/Integrated Care Summary
- ✓ Automated Claim Generation

Intergy users have access to the uniquely comprehensive features of CoachCare's remote care programs:

- Telephonic patient enrollment
- Dedicated team of health coaches
- Cellular connected devices with real time vitals data
- Automatic claims creation

CoachCare allows programs to get off the ground seamlessly with faster reimbursements – all while living in the Intergy environment.

“We’re proud to offer our ambulatory care providers a solution that is integrated within their existing EHR, making it easier than ever to provide early intervention to critical patients, thus further reducing hospitalizations and closing gaps in care.”

– David Cohen, Chief Product and Technology Officer, Greenway Health

INTEGRATED ORDERING AND ENROLLMENT

Through the fully-integrated CoachCare platform, qualified Medicare patients are enrolled for the practice, prompted by enrollment flags and trigger ordering by service. Practices can see enrollment status real-time in the existing clinical workflow, and patients begin receiving CCM and RPM services in less than 5 days.

INTEGRATED VITALS, DOCUMENTS AND CLAIMS

Through the fully-integrated CoachCare platform, qualified Medicare patients are enrolled for the practice, prompted by enrollment flags and trigger ordering by service. Practices can see enrollment status real-time in the existing clinical workflow, and patients begin receiving CCM and RPM services in less than 5 days.
